GUEST ROOMS & SUITES

*understated luxury
& home comforts*

Each of our guest rooms and suites are unique in style with antique features, cosy furnishings and modern en-suite bathrooms with underfloor heating, overlooking stunning views of Camus Bay and our lovingly groomed gardens. In line with our philosophy to motivate our guests to relax and unwind, there are no TV's in any of the rooms. This is to encourage guests to switch off and explore all that Screebe and Connemara has to offer.

Welcome

WELCOME TO SCREEBE HOUSE

— THE ONE & ONLY —

Tucked away in the idyllic surrounds of Camus Bay, experience the best of what Connemara has to offer at one of Ireland's finest Victorian country homes, Screebe House.

Built in 1872 as a fishing lodge and lovingly restored by the Burkart family in 2010, Screebe House offers guests an experience of luxury comfort and effortless charm. With open fireplaces, high ceilings and heritage décor, Screebe's elegant spaces evoke a sense of grandeur and provide the perfect setting to read a good book or savour a delicious glass of wine while taking in the breathtaking scenery.

Screebe, originating from the Irish word 'scribe' meaning destination, is ideally located for those who want to explore the stunning scenery of Connemara or partake in a wealth of activities available.

DINING

*relaxed atmosphere
& tempting menus*

Our elegant dining room at Screebe offers a relaxed atmosphere with beautiful views and a tempting choice of menus. The fine dining menu has been carefully curated by our talented Head Chef, who takes guests on a culinary journey through the finest seasonal ingredients sourced from local artisan suppliers. Using only natural and organic ingredients, all our produce is carefully researched and sourced with sustainability at the forefront.
